

EDUCATION	Northeastern University B.S. <u>Computer Science and Design</u> <u>Minor Psychology</u> Boston, MA Sep 2024 – Apr 2028 GPA 3.9 Coursework Interaction Design Principles Topics in Computer Science (UX Design) Brand Identity and Design Human-Computer Interaction
EXPERIENCE	Emulate, Inc. Boston, MA Design Co-op Jan 2026 – Aug 2026 Worked on AVA software workstation and embedded (touchscreen), an extension of the physical product for biological research. - Led design and research on 3+ human-relevant research projects, interviewing biologists and observing in-lab workflows, in close collaboration with Product and Industrial Design leads. - Streamlined design-to-engineering workflow via high-fidelity prototypes for complex UI behaviors and writing detailed Jira tickets, improving implementation accuracy. - Presented designs weekly through team meetings and design reviews, incorporating stakeholder feedback. Generate at Northeastern University Boston, MA Software Designer – Toggo travel app Jan 2026 – Apr 2026 - Designed and prototyped time-dependent features end-to-end, delivering complete high-fidelity designs for a fully functional app within one semester. - Communicated design decisions with the design lead and developers weekly, facilitating cross-functional alignment throughout the design process. Sandbox at Northeastern University Boston, MA UX Designer – Cooper Co-op Platform & Internal Platform Sep 2025 – Present - Designed and prototyped an improved search flow and save draft flow, applying user psychology to enhance visual hierarchy and streamline navigation. - Conducted user research and competitive analysis to identify design opportunities and industry trends. Zeal Technology Solutions Seattle, WA UX Designer – Reading Galaxy Literacy Platform Jul 2025 – Aug 2025 - Led end-to-end UX research and designed a parent-facing dashboard visualizing children's reading data, facilitating regular client feedback sessions throughout.
